

Uma Mahesh (Umesh) is the Co-founder and President of Americas at CamCom. Umesh has 35+ years of experience in the IT industry and has worked in various capacities in Business, Delivery and Technology functions. He was the Global Business Head at Wipro and India CEO of ANSR Source. Umesh pioneered the concept of the Offshore-Development-Centre (ODC) way back in 1993 and created the very first Offshore Product Development (OPD) centre for global players.

Under the watchful eyes of Umesh, CamCom has not only pioneered the use of Artificial Intelligence in visual inspection but has also demonstrated its commitment to addressing real-world challenges across global industries. Umesh brings a wealth of strategic insight to CamCom and is set to leave an indelible mark on the technology landscape, propelling industries towards a more efficient and reliable future.

Umesh's commitment to excellence is evident in his transparent leadership style and track record of consistently delivering quality results. His exposure to local and international cultures has been instrumental in the kind of work culture and authority he embodies.

Umesh has a deep understanding of business, people management, and the startup market and ecosystem. In a rapidly growing entrepreneurial venture like CamCom, his role as a battle-tested people leader, and an industry veteran with seasoning, wisdom, and a rich network is the key to developing an emerging business. A person of incredible cross-functional leadership and strategic problem-solving skills, Umesh is a master at minimising operational risk and his ability to articulate complex ideas in simple terms is unparalleled.

Umesh holds a Bachelor of Engineering Degree in Mechanical Engineering.
